

Cursive Handwriting Workbook

Cursive letters, words and sentences

Ages 6–9 · 71 pages

Name: _____

Welcome, Parents and Teachers!

Welcome! This workbook teaches joined-up cursive writing from the ground up. First come all 26 small letters and all 26 capitals, one letter per page. Then your child traces and writes words, days, months and short sentences on three-line paper.

How to use this book

- 1** Print on A4 or US Letter paper at 100% (Actual size). A sharp pencil or a smooth gel pen both work well.
- 2** Sit with the paper tilted slightly (to the right for right-handers, to the left for left-handers) and keep wrist and arm relaxed.
- 3** Trace every gray letter slowly with a pencil. On the word and sentence pages, write each one again on the blank line below it. Slow and smooth beats fast and messy every time.
- 4** Aim for one page a day. Letters are best practiced a little each day rather than all at once.
- 5** Celebrate joined words: connecting letters is the whole point of cursive, so look for smooth connections, not perfect shapes.
