

Dot Marker Activity Book

Letters numbers shapes and pictures to dot

Ages 2–5 • 62 pages

Name: _____

Welcome, Parents and Teachers!

Welcome! Every page holds a big letter, number, shape or picture filled with circles. Dab a dot marker, a bingo dauber, a sticker or just a fingertip in each circle. It is a calm, screen-free activity that builds hand strength, counting and color skills.

How to use this book

- 1** Print on A4 or US Letter paper at 100% (Actual size). Thicker paper or card stock stops bleed-through; slip a spare sheet underneath if you use wet markers.
- 2** Washable dot markers give the cleanest circles. No markers? Use stickers, small bingo daubers, paint on a cotton swab or a fingertip dipped in washable paint.
- 3** Count the dots together as you go, and say the color names. Each page is a small counting lesson.
- 4** Let your child choose the colors. There is no right answer, only practice with grip, pressure and aim.
- 5** Letter and number pages double as early recognition practice: say the name and the sound as you dab.
