

Pen Control & Pre-Writing

Ages 3–5 · 37 pages

Name: _____

Welcome, Parents and Teachers!

Welcome! Before children write letters, they need smooth, controlled pencil strokes. This workbook builds that control step by step: straight lines, curves and waves, zigzags and loops, then spirals and mixed patterns. Fun path pages (a bee to a flower, a rabbit to a carrot) keep it playful.

How to use this book

- 1** Print on A4 or US Letter paper at 100% (Actual size). A thick pencil or a triangular crayon is easier for small hands to hold.
- 2** Always start at the green dot and follow the arrow to the red end. Left to right is the direction we read and write.
- 3** Sit tall with both feet on the floor and the paper held still by the other hand. Good posture makes good lines.
- 4** Do one or two pages a day. Short, happy practice beats a long session, and the Level Up pages are only for when the first pages feel easy.
- 5** If a line wobbles, that is fine. Try the same page again on another day and compare, so your child can see their own progress.
